John Haynes Promoted to Drilling Manager

Project Engineer John Haynes, P.E. has transferred from Triad's St. Albans, WV office to Morgantown, WV to take over the position left by former Drilling Manager Bill Gardner. Mr. Haynes will now serve as Drilling Manager for the firm's northwest regional operations.

Mr. Haynes joined Triad 20 years ago as a Drill Helper and, over the years, has worked in the firm's drilling, surveying, field services and geotechnical engineering departments. He holds bachelor's degrees in Mechanical and Civil Engineering from the West Virginia Institute of Technology, and is a Registered Professional Engineer (P.E.) and Certified Monitoring Well Installer in the State of West Virginia. As a member of the St. Albans office, Mr. Haynes worked on a variety of projects for public and private clients, and is well-versed in specialized drilling, subsurface investigations, and civil and geotechnical engineering design.

We are confident that John, along with our drilling crews, will continue to serve our clients with the quality and professionalism they have relied upon over the years. If you have any questions, or would like to set up a meeting to discuss your current or upcoming projects, please contact the Morgantown office at (304) 296-2562 or morgantown@triadeng.com.
