

ENVIRONMENTAL HEALTH & SAFETY

Triad's Environmental Health and Safety (EHS) team has been actively engaged in providing a wide array of regulatory compliance services spanning the environmental and occupational safety landscape in the Mid-Atlantic region. Triad personnel have extensive experience navigating the complex requirements of key regulatory frameworks, such as the Clean Air Act (CAA), Clean Water Act (CWA), Resource Conservation and Recovery Act (RCRA), Emergency Planning and Community Right-to-Know Act (EPCRA), and the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) as set forth by the U.S. Environmental Protection Agency (EPA).

Triad's proficiency in environmental regulatory compliance extends across various industry sectors and Fortune 500 companies. We are proud to have served these industry leaders, ensuring compliance with state environmental regulatory agencies. Our commitment goes beyond ensuring environmental regulatory compliance; we also prioritize supporting our clients in occupational safety and health. We understand that a safe workplace is essential for both employee well-being and operational efficiency.

Our Environmental Health & Safety Services Include:

→ CAA Compliance

- New Source Review (NSR)/Air Construction Permitting
- Title V/Part 70 Major Source Air Permitting
- Reciprocating Internal Combustion Engine (RICE) Compliance

→ CWA Compliance Industrial Wastewater

- National Categorical Pretreatment Permitting
- Process Wastewater Evaluations
- Wastewater Operator Training
- Toxic Organic Pollutant (TOPM) / Accidental Slug Discharge Contingency (ASDC) Plan Preparation

→ Industrial Stormwater

- Industrial Stormwater Permitting
- Best Management Practice (BMP) Determinations/Plan Preparation
- Stormwater Pollution Prevention Plan (SWP3) Preparation
- Pollution Prevention (P2) Team Evaluations/Training
- Industrial Stormwater Sampling

→ Oil Pollution Prevention (OPP)

- Spill Prevention Control & Countermeasures (SPCC) Plan Preparation
- Virginia Oil Discharge Contingency (ODC) Plan Preparations

→ RCRA Compliance

- Solid Waste Determinations
- Waste Generator Status Determinations
- Waste Contingency Plan Preparation
- Waste Generator Awareness Training
- RCRA Annual and Biennial Report Preparation
- Groundwater Statistical Analysis
- Landfill Closure/Post-closure Care Plans
- Landfill Gas (LFG) Monitoring Programs
- Landfill Gas Emissions Model (LandGEM) Modeling
- Leachate Monitoring Programs

→ EPCRA Compliance

- Tier 2 Chemical Inventory Reporting
- Toxics Release Inventory (TRI)-Form R Preparation

→ Occupational Safety and Health

- General OSHA Compliance
- HAZCOM Compliance
- Noise Studies
- Industrial Hygiene (IH) Studies
- Health and Safety Programs (HASPs)
- Combustible Dust Compliance
