

ENVIRONMENTAL SERVICES

Our team has specialized in brownfield redevelopment projects over the past decade. With in-depth knowledge of the USEPA Brownfields program, West Virginia Department of Environmental Protection, and Pennsylvania Department of Environmental Protection, our team has assisted many communities, development authorities and other organizations that utilize their assessment funds accordingly and put brownfields properties back into productive use.

Brownfields Experience:

- All Appropriate Inquiries/Due Diligence
- Phase I Environmental Site Assessments
- Phase II Environmental Site Assessments
- Site Assessment Work Plans
- Remedial Action Work Plans
- Voluntary Remediation Program (WV)
- Land Recycling Program (ACT2) (PA)
- Brownfield Inventory
- Grant Management & Reporting Support

PARTNERSHIPS

West Virginia Brownfields Assistance Center
